Board Member Resolutions for Action

25. Ms. García, Dr. Rodriguez, Ms. Gonez – Declaring March as Immigrant Student, Family, and District Staff Month (Res-025-17/18) (Noticed January 30, 2018)

Whereas, The Governing Board of the Los Angeles Unified School District has reaffirmed that every District site is a safe place for its students, staff and families to seek assistance if faced with anxiety about immigration enforcement through the resolutions L.A. Unified Identifying Campuses as Safe Zones and Resource Centers for Students and Families Threatened by Immigration Enforcement (Res-032-15/16) and the Reaffirmation of Los Angeles Unified School District Schools as Safe Zones for Families Threatened by Immigration Enforcement (Res-093-16/17);

Whereas, The Board, in advancing its goal of reaching 100% graduation, has tasked the District to form partnerships and provide information about integrated immigration services and other available benefits to students and their families in the form of workshops, direct mailings, or other appropriate tools through the resolution Celebrating Partnerships to Strengthen Civic Participation in LAUSD (Res-012-14/15);

Whereas, The LAUSD Immigration Collaborative has fulfilled the tasks identified in the previously mentioned Board resolutions by working with community partners and immigration advocacy groups to curate an LAUSD Know Your Rights workshop, established a process for community partners and organizations to present at District facilities, created the LAUSD Immigration and Education Resource Guide, implemented staff professional development, and created a webpage with information and public resources to support the We Are One L.A. Unified: Standing with Immigrant Families Campaign;

Whereas, The California State Legislature and Governor Jerry Brown signed into law Assembly Bill 699: Educational Equity - Immigration and Citizenship Status which tasks, among other things, school districts in California to provide information to parents and guardians regarding their children's right to a free public education regardless of immigration status or religious beliefs. This shall include information relating to immigrants' rights as well as the negative impact of bullying other pupils based on their actual or perceived immigration status or their religious beliefs and customs;

Whereas, The Board recognizes the need for information regarding know your rights, educational, health and wellness rights, and college readiness for newcomers, dreamers, mixed status families, and school members impacted by the political immigration discourse in our District communities;

Whereas, Estimates from legal advocates predict that an average of 915 young unauthorized immigrants per day will lose their work authorization and protection from deportation beginning on March 6, 2018 through March 5, 2020, if congress is not permanently enjoined from terminating the Deferred Action for Childhood Arrivals (DACA) program; and

Whereas, Los Angeles has the highest number of Central American immigrants of any U.S. city, and the Department of Homeland Security announced the decision to terminate, with a transition period, the Temporary Protected Status (TPS) designations for specified Central American

countries. TPS provides temporary status to undocumented persons from countries enduring conditions that prevent them from returning safely, such as a natural disaster or armed conflict; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District recommits to informing District students, families, and staff about their rights and designates the month of March as “We Are One: Standing with Immigrant Families” Awareness Month through 2020, and Monday, March 5, 2018 as “We are One L.A. Unified” Student Day; and, be it finally

Resolved, That the Board directs the Superintendent to continue to increase and improve our resources for students, staff, and families, including developing supports at the school level for post-graduate college and career opportunities for undocumented students.

Board Member Resolutions for Initial Announcement

26. Dr. Vladovic, Dr. Rodriguez, Ms. Gonez – Responsible Healthcare Providers (Res-026-17/18)
(For Action March 13, 2018)

Whereas, The Los Angeles Unified School District provides health benefits to its employees to ensure they have access to quality preventative care and can receive timely treatment when illnesses arise, which also supports their ability to return to work as quickly as possible;

Whereas, Staff attendance is paramount to the District’s mission to educate the children of the Greater Los Angeles Area;

Whereas, The District invests over \$1 billion annually on health care for over 190,000 employees, retirees, and their eligible dependents;

Whereas, Health care providers are required to ensure they have sufficient capacity to meet the needs of their contracted services;

Whereas, California law requires health plans to provide timely access to care, including limits on the length of time one must wait for a health care appointment;

Whereas, In 2017, the average wait time for a family medicine appointment in Los Angeles was 42 days, a 110% increase from 2014, based on data from a Merritt Hawkins survey of physician appointment wait times;

Whereas, A nationwide influenza epidemic is causing a 130% increase in emergency room visits as reported by the Los Angeles County Department of Public Health and the number of people seeing their health care provider has more than doubled as reported by the Centers for Disease Control and Prevention;

Whereas, Urgent Care, in-person visits, and non-standard procedure wait times for District employees under various health care providers has increased to high levels due to seasonal illnesses and their inability to ramp up sufficient patient care capacity to treat patients in a timely manner; and

Whereas, The California Department of Managed Health Care protects consumers' health care rights and ensures a stable health care delivery system by ensuring the quality, accessibility, and continuity of care; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District formally calls upon the California Department of Managed Health Care to review the quality and accessibility of services rendered by our health care providers and, if necessary, hold them accountable by taking the appropriate enforcement actions;

Resolved further, That the District urges our health care providers to establish alternative health care strategies that ensure timely access to care (particularly during times of seasonal influx) by means such as, but not limited to: providing reimbursements to members for visiting out-of-network urgent care facilities, increasing treatment capacity, and reducing patient care wait times during times of seasonal influx; and, be it finally
