### Board Member Resolutions for Initial Announcement

5. Ms. García- Advocating for College Access, Success, and Equity for all L.A. Unified Graduates (Res-051-18/19) (For Action June 18, 2019)

Whereas, The California State University (CSU) Quantitative Reasoning Task Force and the Academic Senate for the CSU has put forth a resolution that proposes to add a fourth year of

math/quantitative reasoning to the A-G college preparatory requirements as part of freshman eligibility for students entering in Fall 2023 (or 2024);

Whereas, The CSU Board of Trustees is expected to review the proposal during the July 23-24, 2019 meeting;

Whereas, This proposal is moving forward in the absence of evidence that clearly articulates why this change is necessary, and it lacks definitive evidence that four years of math directly improves CSU student success;

Whereas, The CSU proposal lacks evidence indicating that it will not pose a disparate impact on underrepresented students;

Whereas, College and universities have historically used math to predict student success in college-level courses, leading to a disparate impact on Black, Latinx, and Native American students who are, in effect, disproportionately placed in remedial courses, have less access to credit-bearing college-level coursework, and less access to earn a college degree;

Whereas, Students who take advanced math courses do tend to perform well in college, but research shows this effect is tied to other factors, like race and income;

Whereas, The addition of a fourth year of mathematics/quantitative reasoning to the CSU admission requirements for first-year incoming students will further exacerbate barriers to accessing the CSU system among Los Angeles Unified School District (L.A. Unified) graduates by disproportionately harming students of color in under-resourced high schools that do not offer a fourth year of math;

Whereas, L.A. Unified is fully committed to ensuring college access by increasing the percentage of graduates eligible to attend California public colleges and universities;

Whereas, L.A. Unified is fully committed to working in partnership with the CSU and other postsecondary institutions to make a variety of high-quality math courses available to students in their junior and senior year;

Whereas, L.A. Unified has inadequate funding being that California ranks 44th in education spending; now, therefore, be it

Resolved, That the L.A. Unified Board of Education calls upon the CSU Chancellor and Board of Trustees to honor its commitment to encourage and provide access to an excellent education,

Resolved further, That the Board formally opposes the passage and adoption of the CSU proposal to change its admission requirements and urges the CSU Board of Trustees to vote against this proposal; and, be it finally;

Resolved, That the Board will express this opposition through submission of a letter to the CSU Chancellor and the Board of Trustees.

6. Ms. García- Successful School Climate: Safe, Respectful, and Learning for All! (Res-052-18/19)  
(For Action June 18, 2019)

Whereas, Los Angeles Unified School District is committed to achieving 100% graduation and is responsible for creating a safe and nurturing learning environment for all students;

Whereas, Every student has the right to be educated in a safe, respectful, and welcoming learning environment;

Whereas, There is overwhelming community agreement that the current random search policy using wandering is flawed as opposed to the reasonable suspicion searches; now, therefore, be it

Resolved, That the Board of Education request that the Superintendent propose an alternative policy that sunsets the current random search wandering policy by July 1, 2020, and, be it finally;

Resolved, That the consultation and collaboration of the alternative policy include external community advocates as well as internal stakeholders.

### **Board Member Resolutions for Action**

7. Dr. Vladovic – Universal Identification and Uniform Policies for Contracted and Employees  
(Res 053-18/19) (Waiver of Board Rule 72)

Whereas, Under California Ed Code Article 4.7 Miscellaneous Administrative Authority [35181-35186] students have “the right to an effective public school education. Both students and staff of the primary, elementary, junior and senior high school campuses have the constitutional right to be safe and secure in their persons at school. However, children in many of our public schools are forced to focus on the threat of violence and the messages of violence contained in many aspects of our society, particularly reflected in gang regalia that disrupts the learning environment,” and can therefore establish standards of student dress or mandate uniforms in the name of safety and security;

Whereas, The local education agencies in California already have the authority to define standards of student attire for safety purposes, and the safety of students is a paramount factor in promoting an effective learning environment;

Whereas, The Los Angeles Unified School District employs a great number of contracted and classified employees that are required to have access to our facilities and close contact with students, and we as a condition of employment require employees to pass background checks in the name of child safety;

Whereas, Central office employees and visitors are required to have District identification to gain entry into the building, however this largely has not been a requirement at school sites where it is arguably more important for all employees to have proper identification to gain entry; and

Whereas, Transportation/transit and public safety agencies require their employees to wear uniforms for ready identification and security in addition to making use of identity credentials; now, therefore be it

Resolved, That the Superintendent report back to the Board of Education within 90 days on a plan to be implemented over the next three years to require the use of visible ID cards at school sites for all employees, contractors, properly vetted volunteers, and temporary ID cards for parents and visitors requiring access during school hours;

Resolved, That the plan also include a clear and distinct uniform policy that would apply to but not be limited to the following categories of classified/contracted employees:

- Bus drivers
- Cafeteria workers
- Custodians
- Beyond the Bell Staff
