Board Member Resolutions for Action

29. Ms. Gonez, Mr. Melvoin, Ms. García – Increasing Opportunities and Supports for Our Homeless Students and Families (Res-010-18/19) (Waiver of Board Rule 72)

Whereas, The Los Angeles Unified School District is committed to the academic success of all students with 100% graduating ready for college and careers;

Whereas, November is National Homeless Youth Awareness Month, a time to acknowledge the students and families suffering from homelessness and to assess how we can improve how we support those families;

Whereas, The District serves approximately 16,200 students who have been identified as homeless, living in shelters, motels, abandoned buildings, cars, doubled up with other families, or unsheltered;

Whereas, Our homeless student population is spread throughout the District, but in some schools homeless students account for as much as 18 percent of the student body;

Whereas, Homeless students are more likely to be absent, fall below grade level standards and, ultimately, drop out than their peers with stable housing (New York Equity Coalition, 2017; University of Chicago, 2017);

Whereas, The District, mainly through the Division of Student Health and Human Services, provides significant supports to homeless students, including enrollment assistance, backpack and school supplies, transportation assistance, resource referrals, as well as providing staff support to the Coordinated Entry System (CES) at six sites throughout Los Angeles County;

Whereas, The Every Student Succeeds Act (ESSA) expanded the supports provided for homeless students, including through amendments to the McKinney-Vento Homeless Assistance Act, the federal law requiring supports for homeless students;

Whereas, ESSA presents an opportunity to better serve the District's homeless students and families;

Whereas, The high number of homeless students reflects a countywide crisis, including almost 50,000 individuals of all ages living on the street, according to the 2018 homeless count of Los Angeles County, which excludes Pasadena, Glendale, and Long Beach. While the total number of homeless dropped slightly, the number of individuals living on the street remains almost unchanged and homelessness in the San Fernando Valley actually increased 6 percent from the previous year.

Whereas, To combat this crisis, voters of the City and County of Los Angeles in 2016 passed Proposition HHH, which provides \$1.2 billion, and Measure H, estimated to raise \$3.5 billion over 10 years, respectively, to fund construction of new housing units and improve homeless programs, and those new funds are gradually leading to new opportunities to support homeless individuals and families;

Whereas, No single solution will solve the challenge of homelessness, but it will require innovation and all parts of our society working together to make improvements;

Whereas, Safe Parking LA is a nonprofit effort in collaboration with the City of Los Angeles to provide parking lots for safe overnight parking and homeless services to some of the more than 12,000 individuals and families living out of their cars; the model is based on the successful program in Santa Barbara;

Whereas, San Francisco Unified School District has started a pilot “Stay Over Program,” where one school, supported by a nonprofit provider, will open up its gymnasium nightly to provide meals and shelter to its current homeless students and their families;

Whereas, Los Angeles Valley College, part of the Los Angeles Community College District, has created its Helping Hands Project to provide food, personal items, school supplies, bus passes, and access to showers to students experiencing homelessness or food insecurity;

Whereas, Dallas Independent School District has partnered with local nonprofit After8toEducate to open supportive housing for teenage homeless students at one of its vacant sites, as well as operate a 24/7 drop-in center to meet immediate needs for homeless students including meals, showers, and laundry services;

Whereas, The best way to address the homelessness and its impact on student learning is to get our families off the streets, and we cannot wait for the City, County, and State to solve this problem on their own; now, therefore, be it

Resolved, That the Los Angeles Unified School District will explore innovative solutions to provide permanent and or interim housing for homeless students and their families, especially through establishing partnerships with Los Angeles County, Los Angeles City, the private sector, and our nonprofit partners;

Resolved further, That the Superintendent will report back to the Board within 180 days on the feasibility of

- Using select District sites to:
 - Allow overnight parking for homeless families as part of the Safe Parking LA Program with security and supportive services, such as maintenance, provided in partnership with our municipal partners or non-profit organizations;
 - Provide overnight shelter, meals, and wraparound supports for homeless families throughout the year or, at minimum, during winter and summer recesses;
 - Convert or build new buildings using dedicated homelessness bond funds such as City funding under Proposition HHH that provide temporary or permanent shelter for homeless youth or families, in coordination with the existing efforts of the District to review its existing facilities and plan for their best use;
 - Convert or build permanent shared housing using the FlyawayHomes shipping container apartment model under construction in South Los Angeles using HHH bond funds and other applicable funding sources, as needed, in coordination with the existing efforts of the District to review its existing facilities and plan for their best use;

- Expanding the wraparound supports provided to homeless students and families by establishing or deepening partnerships with non-profit homeless serving organizations and supporting homeless students as they transition to local institutions of higher education in areas like housing, transportation, food stability, mental health supports and other unique needs of transition-aged homeless youth;
- Assessing the effectiveness of our current Homeless Education Program and supports, including its impact on student learning;
- Exploring the possibility of expanding the District’s Homeless Education Program, including by increasing staff and seeking additional State, local, and philanthropic funding to provide greater supports to homeless students;
- Assessing ways to better support school site homeless liaisons, such as increased and improved professional development opportunities so that educators can best meet the unique needs of homeless students and families, providing a differential for designated liaisons, and ensuring that homeless liaisons are not also required to serve other supplemental roles at their school sites (e.g. foster youth liaison);
- Assessing the effectiveness of the annual Student Residency Questionnaire, including reviewing best practices from comparable school districts, to identify ways to improve reporting and ensure an accurate count of our homeless students;

Resolved further, That the Superintendent will advocate at the local, state, and federal level to increase the number of Section 8 vouchers available for Los Angeles County to meet the growing needs of our homeless students and families, and, be it finally

Resolved, That the Governing Board of the Los Angeles Unified School District calls on the Federal government to double the amount of funding allocated to State and local educational agencies under the McKinney-Vento Homeless Assistance Act from \$85 million to \$170 million and that the Superintendent will include this priority in the District’s Federal legislative advocacy efforts.

Board Member Resolutions for Initial Announcement

30. Ms. García, Mr. Melvoin - Creating a Village by Investing in School Communities: Supporting District Staff through Affordable Housing (Res-011-18/19) (For Action December 11, 2018)

Whereas, Building vibrant and healthy schools involves the entire community and requires creative and innovative solutions, partnering public and private institutions with community groups and stakeholders;

Whereas, The Los Angeles Unified School District seeks to be a national leader in creating equity for our students and families both inside and outside of the classroom;

Whereas, Insufficient affordable housing is a significant obstacle faced by individuals and families throughout Southern California, and contributes significantly to issues of transiency, housing insecurity, and homelessness;

Whereas, The District serves a homeless population of nearly 17,000 students who lack safe, permanent housing, having a dramatic effect on individual student achievement, overall quality of life, and equitable outcomes for individual students and their families;

Whereas, Education Code Section 17515 provides for any school district to enter into leases and agreements relating to real property and buildings to be used jointly by a district and any private person, firm, or local governmental agency for a term not to exceed 66 years;

Whereas, The District has executed four such agreements between 2008 and 2011, pursuant to Section 17515, for the development of affordable workforce housing on District-owned property including space used jointly by the District and a developer;

Whereas, Affordable workforce housing projects were funded and developed by non-profit affordable housing developers, and all upfront District costs were reimbursed by those developers;

Whereas, All development agreements executed between the District and affordable workforce housing developers included terms stipulating that each developer will pay the District for the long-term lease of District property, with three agreements providing preference in unit rentals to District employees;

Whereas, Of the 185 units developed under condition of specific renting preferences for District employees, such individuals initially occupied 151 units representing an initial occupancy rate of approximately 82%;

Whereas, A critical source of financing for many affordable housing projects includes Low Income Housing Tax Credits (LIHTC) administered by the California Tax Credit Allocation Committee (TCAC);

Whereas, Using various financing vehicles, including LIHTC, all four affordable workforce housing projects were developed with units available to individuals in the 30 percent to 60 percent Average Median Income (AMI) bracket;

Whereas, Certain full and part-time classified employees, such as teacher assistants, library aides, cafeteria workers, school office workers, and custodians may be eligible for housing developed for individuals in the 30 percent to 60 percent AMI bracket;

Whereas, Such staff members provide valuable services that ensure healthy and safe teaching and learning environments and cultures of high student achievement in schools across Los Angeles;

Whereas, The TCAC recently informed the District that tax credit reservations to future projects subject to an employer specific preference will not be issued until such time as the Internal Revenue Service (IRS) approves of the preference or the California State Legislature enacts a law allowing so;

Whereas, Certain properties or portions of the District's approximate 6,400 acres of land assets could be considered underutilized, opportunities exist for the District to leverage these assets to support the development of additional affordable housing for District employees, generate revenue, and, using the Joint Occupancy provision of the Education Code, provide facilities for District use; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District directs the Superintendent to make recommendations regarding the following in a report to the Board within 180 days:

1. Goals and priorities for future developments including:
 - a. Developing affordable workforce housing for eligible employees
 - b. Developing housing and/or securing housing vouchers for students and families experiencing homelessness
 - c. Maximizing revenue generation using District land assets (i.e. market rate housing or commercial developments)
2. Pursuing the potential development of additional housing projects to address the critical needs of District employees, students, and families in securing affordable housing, particularly on land owned by the District using Joint Occupancy or other means available in accordance with Education Code and, when possible, through partnerships, joint efforts, or programs within the County of Los Angeles, the City of Los Angeles and elsewhere
3. Identifying potential sites and relevant funding, including potential -funds from external sources, to consider for future developments; and, be it finally

Resolved, That the Board directs the Superintendent to engage TCAC leadership, the Internal Revenue Service, and the State Legislature to enact relevant laws or regulations and provide approval to allow preferences for the rental of housing units developed on school district property to employees, students, and families of the respective school district.

Resolutions Requested by the Superintendent

31. Appointment of Member to the Personnel Commission (Sup Res 004-18/19)

Resolved, That the Governing Board of the Los Angeles Unified School District appoints the nominee of the classified employees, Devin Osiri, as a member of the Personnel Commission of the Los Angeles Unified School District through November 30, 2019, which represents the remainder of the three year term commenced by former Commissioner Robert Manley, pursuant to California Education Code Section 45248.

Miscellaneous Business
